

## MASK TORN FROM FACE OF GOV. LA FOLLETTE

Letters to Henry C. Payne, Which Reveal His Political Hypocrisy in All Its Nakedness—Overtures Were Made in Writing Through H. G. Kress.

## BETRAYAL OF SPOONER PART OF PLAN

His Attempt in the 1900 Campaign to Combine with What He Was Denouncing as the "Machine"—"Interests To Be Mutualized as Time Advances."

(From Milwaukee Sentinel.)

Governor Robert M. LaFollette's masquerade in the character of a divinely appointed champion of the rights of the people against the corrupting influence of political bosses is at an end. The mask which he has so long worn has been torn from him and he stands revealed in his true character as a selfish, scheming politician, ready at a moment's notice to drop his "reform" pretenses, betray his honest followers and become a part of the godless "machine" which he has professed with so much violence to abhor.

The Sentinel in its possession of letters which reveal his political hypocrisy in all its nakedness. It is prepared to prove that the self-styled apostle of reform who has raged on a thousand rostrums over the unholy alliance of the so-called "bosses" made overtures to combine with those same men against whom he had warned "God's Patient Poor" in endless columns of burning eloquence. Those overtures were made to make easy his approach to the gubernatorial chair and pave the way for his elevation to the United States senate. They stamp him as a "reformer" for office only and prove his insincerity beyond the shadow of a doubt.

There is more to follow.

The story adds an intensely interesting chapter to the political history of Wisconsin and there is more to follow concerning the attempts of this sham "reformer" to ally himself with other interests which he has vigorously denounced and pretended to fight while struggling to reach the governor's chair.

In the spring and summer of 1900, before and after the republican state convention was held in this city rumors were rife of an agreement or combination between Robert M. LaFollette and certain republican leaders who before that time had been targets for continual assaults on the part of that gentleman and his literary bureau. The Sentinel is now in a position to make public all the facts relating to the matter, having in its possession the correspondence that passed between the parties concerned at the time.

Proposition to "Get Together"

At about the time of the holding of the convention for the election of delegates to the national republican convention at Philadelphia overtures were made to Henry C. Payne by Editor H. G. Kress of Manitowish, a friend of Robert M. LaFollette, after he, Kress, had two conferences with LaFollette. The proposition as made by Mr. Kress was, on its face that the two wings of the party should take steps to "get together," which being translated, meant that LaFollette's fight on the "machine" should cease in consideration of the "machine" permitting him to be nominated for governor and promising not to interfere with his senatorial aspirations. It will be remembered that up to that time that Mr. Payne had not been publicly charged by the LaFollette faction with being the head of "machine" politicians of the republican party with whom an alliance was equivalent to a betrayal of the interests of the people.

LaFollette Knew of the Deal

Mr. Payne having replied to the effect that he would do what he

tion of advantage from which he could dictate terms to all who had dared to dispute his authority. He had political gold bricks for sale.

Any Sort of a Bargain

After reading this correspondence, if there are still republicans who doubt that Governor LaFollette was prepared and anxious to make terms with the so-called "machine" in 1900 it is because they are willfully blinded by prejudice or a natural tendency to "hero-worship." He was then, as he always has been, and still is, ready to make any bargain that would advance his own interests and political fortune.

He did not hesitate to ask Mr. Payne to ignore the ties of friendship that had existed for years and to take a course which he knew Mr. Payne regarded as opposed to the interests of the republican party and the welfare of the state. Had he been in the place of Payne he would not have thought twice before leaving Senator Spooner to take care of himself and he did not see why Mr. Payne should not be equally willing to ignore the interests of the party and the ties of friendship.

## THERE IS HOPE FOR QUEEN'S RECOVERY

Wilhelmina Passed a Quiet Night, and Woke This Morning Free from Fever.

Het-Loo, May 7.—Another hopeful bulletin was issued from Het-Loo palace this morning. In it no mention is made of the reported turn for the worse in the queen's condition at midnight. The bulletin reads: "Through the Queen's temperature rose slightly yesterday evening she passed a quiet night and woke wholly free from fever. Her general condition is satisfactory."

Another encouraging bulletin was issued this afternoon. The excitement incident to the queen's recent relapse is over.

## CORRIGAN'S REMAINS LYING IN STATE

Impressive and Solemn Funeral Services Over Body of the Late Archbishop.

New York, May 7.—The remains of the late Archbishop Corrigan were taken from the Archbishop's residence to St. Patrick's cathedral where the body will lie in state today and tomorrow. The services and procession attending the removal of the remains were most solemn and impressive. They were escorted to the cathedral by a special guard of priests. The body was clad in full vestments, placed on a catafalque where it is now being viewed by a long line of mourners.

## MILTON STUDENTS IN KIDNAPING JOB

Senior Class President's Room is Forcefully Entered and He is Carried Away in Covered Carriage.

Milton, Wis., May 7.—Monday night the senior class of the college gave the annual class reception to the classes of 1903 and 1904 at the Cottage Hotel. While the president of the senior class, Charles Bond, was getting ready his room was entered by five Freshmen, who captured him and forced him into a covered rig in which he was carried out some miles from town. Returning about midnight the kidnapers were met by a body of enraged upper classmen. Bond was rescued and adequate reprisals were made. President Whitford of the College faculty is inclined to take up the matter warmly, but the upper classes have petitioned the faculty to take no action whatsoever.

## FRANK E. FIFIELD KICKED BY HORSE

Ex-Alderman So Badly Injured by a Nervous Animal, He Has Been Confined to the House.

Ex-Alderman F. E. Fifield is confined to his bed at his home on North Jackson street with a badly bruised side and bruised lower limbs, the result of a kick received from a horse yesterday afternoon. Mr. Fifield and his brother James went down to Horace Herkimer's barn about 4 o'clock in the afternoon to see a heavy draft horse. He started to go into the stall where the horse stood and slapped him on the hip telling him to stand over. The horse evidently was rather nervous for instead of getting over he let fly with his hoof and struck Mr. Fifield on the left side along on the lower ribs. The blow knocked him down and before his brother could get him out of the way the horse struck at him again and skinned his legs. He was taken to his home and a doctor called. Mr. Fifield had no bones broken. He was badly bruised and was suffering from internal injuries. It will be some days before he will be able to be about again.

## Palm Leaf Cradles.

In the palm region of the Amazon river there is a tribe whose infants are cradled in palm leaves. A single leaf turned up round the edges, according to native custom, makes a capital cradle and on occasion does service as a bath. Strong cords are fashioned from the fibres of another kind of palm by which the leaf cradle is suspended under a tree and the wind rocks the baby to sleep.

## MINERS' STRIKE SEEMS CERTAIN

Failure of Operators to Make Concessions, Renders Conflict Sure.

## HOLD OUT NO HOPE

The Convention of Anthracite Miners is Now in Session in Scranton, Pa.

## PROSPECT IS GLOOMY

New York, May 7.—A strike of the anthracite coal miners now seems certain. Before President Mitchell of the United Mine Workers left this city last night for Scranton, Pa., to attend the strike convention of the anthracite miners which opens this morning, he had a conference with Ralph M. Easley, Mark P. Sargent and Marcus M. Marks, all three, as well as Mr. Mitchell, being members of the Arbitration committee of the Civic Federation.

None of the four could give any hope that a strike would be averted, although rumors were flying thick to the effect that the anthracite operators had got together in this city and that concessions were likely at the last moment.

Mr. Mitchell emphatically denied he had received any concessions or promises of concessions, notwithstanding the report that President Baer of the Philadelphia and Reading railroad, the strongest opponent of all the demands, had promised him concessions.

"I have heard no word, either directly or indirectly, of any concessions," he said, "and have no reason to believe that there will be any concessions. I can do nothing more until I go to Scranton."

Mr. Mitchell would not say what he would recommend to the convention of the twenty-eight members of the Executive committee of the anthracite districts when he makes his report in Scranton. As to the question of the recognition of the union, he said, it had not come up at the conference with the operators, because it was not necessary. The union, he said, was recognized in the fact of the conference, itself. He knew nothing of an alleged cablegram to J. Pierpont Morgan requesting him to interfere and try to induce the operators to make concessions.

Frank P. Sargent, who is at the Herald Square Hotel, said:

"Frankly, I see no reason after talking with Mr. Mitchell and Mr. Easley to change my opinion that a strike is inevitable. I am sorry, but I only wish I could see my way to stave the strike off. I believe the miners would have been satisfied with small concessions." Oscar S. Straus of the Arbitration committee of the Civic Federation was asked if the refusal of the operators to grant a single concession would make a strike inevitable.

"In my opinion," he said, "it will not only lead to a strike, but a most determined strike, one which, I fear, may extend beyond the anthracite regions."

## HOT FOOT AFTER THE BEEF TRUST

Injunction Will Probably Be Filed Friday—Effort to Confiscate the Trust-Shipped Goods.

Chicago, Ill., May 7.—The present program of the government attorneys in the proceeding against the alleged beef trust contemplate the filing of a bill for injunction on Friday. It is learned this morning that it may contain prayer for the consideration by the government of all goods shipped in violation of the anti-trust law. If the prayer is granted it would be a severe blow to the packers' combination. If such exists, practically nullifying the agreements that may have been made.

## GIVEN 300 STROKES WITH THE KNOT

Thirty-Six Rebel Leaders Die from the Effects of a Russian Flooding.

Vienna, May 7.—Advices from St. Petersburg report a peasant revolution in the district of Konstantinograd. The rebels have destroyed hundreds of farms, threw millions of pounds of sugar into the Dniester and the troops engaged the insurgents and 700 persons were killed and 200 wounded. Subsequently the leaders of the rebels were arrested and given three hundred strokes with the knout. Thirty-six died from the flogging.

## Seventeenth Nominates Sterling.

Bloomington, Ill., May 7.—The Congressional convention of the new Seventeenth district nominated John A. Sterling of Bloomington.

## Standard Oil Dividend.

New York, May 7.—The Standard Oil Company of New Jersey has declared a dividend of \$10 a share payable June 15.

## DAHLE AT HOME, READY TO FIGHT

He Will Seek a Renomination for Congress in the Second District—Norwegians with Him

Madison, Wis., May 7.—Congressman H. B. Dahle arrived here from his home at Mount Horeb last night and conferred with a number of the leading republicans regarding his candidacy for re-nomination. Aside from re-affirming his determination to seek a re-nomination and confirming Washington stories regarding his betrayal by Governor LaFollette he had little to say. He expects to spend several weeks canvassing the district and renewing friendships. He went to Fort Atkinson this morning.

The general and hearty assurances of support he has received from his friends in the district since returning to Wisconsin, he says, are highly gratifying. The illness of a daughter, who underwent a surgical operation in Chicago several days ago gives the congressman grave concern. Prof. Rasmus B. Anderson, editor of America, the leading Scandinavian newspaper in Wisconsin, was one of the men who conferred with Mr. Dahle last night. Later Professor Anderson said:

"In this week's issue of America I shall explain in detail the betrayal of Mr. Dahle by Governor LaFollette. I shall tell again of the conference of Judge A. G. Zimmerman and J. C. Harper, two close friends of the governor, with Mr. Dahle in Chicago, and how at their earnest solicitation he appointed Rodney A. Elward as his private secretary. Then I shall show how they betrayed Mr. Dahle because the governor thought it to his advantage to do so."

## SOLEMN TRIBUTE TO DEAD ADMIRAL

All Honors Due to a Rear Admiral Will Be Accorded to Sampson—Funeral Friday.

Boston, May 7.—The arrangements for the funeral of Admiral Sampson are not yet completed, but the interment will probably be made at Arlington. All honors due the rear admiral will be accorded the dead officer. Mrs. Sampson is prostrated by the shock. Physicians are now with her and hope to revive her sufficiently to permit her to attend the funeral. Friday will probably be selected as the day for the final rites.

## MUNICIPAL LEAGUE MEETS AT BOSTON

Tenth National Conference for Good City Government Begins the Annual Session Today.

Boston, May 7.—The eighth annual meeting of the National Municipal League and the tenth national conference for good city government began here this afternoon. Secretary Clinton Woodruff made a long address reviewing municipal reforms during the past year. "The constitutional conventions and charter revision committees," he said, "are coming along with remarkable frequency. Indeed, there is general unrest over the present municipal conditions and existing forms of government."

## INSANE ENGINEER RUNS AT TOP SPEED

Passengers Become Terrorized When Man at Throttle Refuses to Bring Train to Standstill.

Niles, Mich., May 7.—Engineer Brown of the Grand trunk passenger train, due at Flint at 11 o'clock Monday night, went mad in his cab and ran the train at a dizzy rate from Emmet to that city. He passed the station at top speed and the train was brought to a standstill by the emergency brakes applied by the crew.

The speed became a matter of comment among the passengers early in the ride and they became terrorized when the train passed Capac, Imlay City and Davidson without slackening speed. The fireman was unable to persuade the engineer to stop, although he would have used violence had a catastrophe been imminent.

All records between Flint and Port Huron were broken. The engineer is now in a hospital.

## CYCLONE IN PENNSYLVANIA

Largest Tinplate Works in the World Wrecked at Newcastle.

Newcastle, Pa., May 7.—The Shengango Tinplate works in this city, the largest tinplate works in the world, were almost wrecked by a cyclone.

Every stack was torn from its foundation and hurled through the roof of the building, steam pipes were broken and torn away and the roof torn off. The damage will reach \$100,000. A panic ensued among the 2,000 employees in the plant, but, strange to say, not one employee was injured.

## Empress of China Insane

Vienna, May 7.—A Pekin cablegram says that the Dowager Empress of China has gone insane.

## Tracklayers in Quarantine.

Balvidere, Ill., May 7.—Fifty Chicago and Northwestern track layers are quarantined in boarding cars at Elva. A bad case of smallpox has developed among them. The quarantined patient and the men are near the main track.

## CROPS AIDED BY 'COPIOUS RAINS'

General Situation in Wisconsin Is Greatly Improved.

## FRUIT LOOKS WELL

Acres of Spring Wheat Has Been Slightly Increased, and Is Growing Rapidly.

## CORN BEING PLANTED

Madison, Wis., May 7.—(Special)—The monthly crop report issued by Secretary John M. True of the State Board of Agriculture, based on reports received from correspondents in all parts of the State May 1, show a considerable increase in the acreage of spring wheat, with good prospects for the crop, and winter grain in fair condition. Continued rain is needed. The report is as follows:

"The weather during the month of April, while not at any time severely cold, was uniformly cool and backward, and notable for unusually high dry winds; the rainfall being extremely light.

"As a result of these unfavorable conditions, the apparent earliness of the season at the commencement of the month was lost.

"Vegetation was slow in coming forward, grain lying a long time in the ground before germinating, and in some sections seeding was much impaired by freezing.

"Much Needed Rain Came. "Winter grain" lost a few points during the month, and meadows made little gain. Pastures were uniformly short and bare, and in many parts of the state shortage of hay caused farmers to turn out sheep and cattle to still further retard the growth of the grass.

"Farmers were, with good reason, becoming apprehensive of another season of drought; but during the last part of the month light showers were quite general over the state, and at the time of writing this report, indications of heavier rains are hopeful.

"One object of the inquiries of correspondents upon which this report is based was to ascertain the evident increase or decrease acreage of the crops already sown, as well as that of the tame meadows and pastures.

"Our reports show that the acreage of spring wheat has been slightly increased, being 101.4 per cent of last year's area.

"They also show that the acreage of spring rye in the state is considerable, and that the crop has little importance.

## Barley and Oats Good

"The barley acreage is shown to be 98 per cent. Many acres of tame meadow, especially those of clover, have been rendered unprofitable by winter killing, and will be plowed up—the remaining acreage being estimated at 92 per cent; while for the same reasons the percentage of tame pastures falls to 97.

"The spring grown grain crops, May 1, are almost without exception reported by correspondents as being in good condition, and growing rapidly; winter grain as fair, and clover meadows are poor.

"We find that 70 per cent of the growing wheat in the state is spring sown.

"Alfalfa has been tried in but few counties, but the reports of trials made are generally favorable, and further and more extensive trials will be made. Oats are being quite extensively treated for the prevention of smut, in accordance with the formula sent out from our Agricultural Experiment station.

"Soil conditions are favorable for the present requirements of crops, but to sustain these conditions, frequent rains will be required during the coming month.

"Fruit trees of all kinds are in excellent condition, and will blossom heavily.

"Farm stock goes upon grass in unusually thin flesh, and butcher stock must remain scarce and high priced for some time, while dairy cows are not in form to produce the best results.

"Our report issued June 1 will show the percentage of acreage of crops planted in May, and the general condition of all crops June 1."

## A Letter of Inquiry

Madison, Wis., May 7.—(Special)—Secretary of State Froelich yesterday received a letter from George W. Moss of Burk's garden. Tazewell county Va., making inquiry as to the descendants of David Carden, who came to Wisconsin from Virginia, between 1843 and 1848 with R. C. Floyd, who was secretary of state during Governor Doty's administration. Carden married Polly Moss, an aunt of the writer, and the latter is anxious to hear from any relatives his uncle may have left.

## Work for 206 Persons

Madison, Wis., May 7.—(Special)—Employment for 206 persons was found through the free state labor bureau at Milwaukee and Superior last week and since the bureau were established, July 1 last, 5,022 persons have found places through them. The applications for help and for employment have been almost the same, there being just 51 more applications for places than for help.

## H. G. KRESS A LA FOLLETTE AGENT

Extracts from the Letters in May and June, 1900, to Henry C. Payne.

"Why can't we get together? Do you object, if the contesting against you is stopped? Confidentially, Mr. Payne, I believe the time is ripe to unite forces. Why not let LaFollette have his chance if he is willing to stop fighting on his side? I will say that I was authorized by certain LaFollette leaders to see you the evening before the convention, but I found you were out of the city."—Letter from H. G. Kress to H. C. Payne, May 3, 1900.

"I received a telephone message this afternoon from the gentleman about whom we have been writing, and an appointment has been made for me to meet a representative of his tomorrow just before noon. I wish you would arrange it so as to be in your office after 2 o'clock p. m."—Letter from H. G. Kress to H. C. Payne, May 10, 1900.

"I am of the opinion that LaFollette would be much more conciliatory than his representative."—Letter from H. G. Kress to H. C. Payne, May 19, 1900.

"From what I can learn LaFollette is going to get close to that nomination—if he don't get it. If he does get it, our work along the line chosen will prepare the way for closer relations than would otherwise have been possible."—Letter from H. G. Kress to H. C. Payne, June 11, 1900.

"I find that in order to reach Wausau as planned I must take a 6:23 train. Expected to see you, but only to say that should you go further with the matters which you have written me about it would necessarily be with my friend (Jerre C. Murphy), whom you have met. He understands my position and can speak for me, in so far as there is anything to say in regard to the proposals which you have made."—Letter from R. M. LaFollette to H. G. Kress, May 25, 1900.

## Plan of the Proposed Deal.

"After leaving you last night I agree with Murphy to propose to you the following:—First—That there is no opposition so far as LaFollette is concerned to you as chairman of, or as a member of, the national committee. Second—That neither you nor Murphy would work against LaFollette for governor if he decided to be a candidate. Third—Both sides to keep hands off the next senatorial fight—that is, in this campaign. Fourth—That interests be mutualized as time advances."—Letter from H. G. Kress to H. C. Payne, May 12, 1900.

# VIGOROUS EFFORT TO BRING BEET SUGAR FACTORY TO JANESVILLE

## Meeting of the Business Men's Association to Consider Project, Held in Municipal Court Room-- Plans of W. H. Wheeler to Be Investigated.

That the Janesville Business Men's association is not going to leave one unturned stone in its effort to secure a beet sugar factory for this city is evident from the tenor of a largely attended meeting of the association at the municipal court room last evening.

The meeting was called to order by President L. H. Carle and the minutes were kept by Secretary Bingham. Mr. Bingham stated that the object of the meeting was to take up the matter of a beet sugar factory. As this was a meeting to talk the matter over and lay out the line of preliminary work, the farmer had not been invited in. A proposition had been received from the Menomonee Falls Beet Sugar Co., who wished to establish a plant that would cost \$450,000. Rock county is about the center of the beet sugar belt and the beet raised here are the best.

W. H. Wheeler of Beloit was called for and stated that he had taken great interest in the beet sugar business, owing to the fact that he contemplated making machinery for the manufacture of beet sugar. He had had considerable talk with and experience with beet sugar experts from France and men who had put up the machinery in several beet sugar plants in this country.

He said the great question was, can the manufacture of beet sugar be made to pay? In his opinion it could and the business had come to stay in this country. Beet sugar can be produced cheaper than sugar can be laid down in Wisconsin. The beet can be shipped into Janesville anywhere with a radius of 50 miles. It will take time to get used to the raising beets, the same as tobacco or any other crop. It is bound to be one of the most important industries in the state in time, but we must have experience before the best results can be obtained.

The average yield of beets in Germany during 1897 was 25 tons. Beets should not be raised over two years in succession on the same piece of land. In his opinion Wisconsin, Northern Illinois, Michigan, the northern part of Nebraska will some time grow a large part of the sugar of this country. He stated that the average yield was from 12 to 20 tons per acre.

Seth Fisher, one of the most prosperous and extensive farmers of the town of Center was called for, and gave the result of several experiments made several years ago in raising beets for sugar. He had also inspected beet sugar factories in Colorado last summer. In his

## SHORT REVIEW OF THE LEAF MARKET

**Warehouses Are Being Emptied as Fast as Possible, and There is a Stereotyped Dullness.**

Business in the market has relapsed again into stereotyped dullness which is broken only here and there by sales of small lots for immediate needs. Warehouses are being emptied as fast as shipments can be effected and in the whole history of the trade there was never a time when so little stock was held on account of manufacturers as just now. All odds and ends are being worked up, which is the surest indication that one of these days there will be a rush of buyers in the market.

For the present, however, a jobbing business is chiefly being done. All grades of leaf are tackled, but only in limited quantities. But the attention of the market was rooted this week on two other events than the volume of business. The one was the fourth inscription at Amsterdam and the other the auction of the Connecticut shade-grown leaf. Stay-at-homes cannot understand, in view of the tardiness of business, why Americans are buying such quantities of Sumatra, particularly of a crop the merits and demerits of which have not been thoroughly fathomed as yet.

For again nearly 3000 bales were bought on top of the 6,000 at the third inscription. The second event was the Hartford sale. The result is said to have been a disappointment to the thirty farmers, who employed the U. S. Department of Agriculture as a "barker" for them, as well as to the buyers. For in spite of the abnormal prices paid for some tobacco, there was no animation to the sale and no test obtained of its real commercial value. For the solid merchants bought mostly only sample bales for curiosity's sake and they seem to have driven the prices up purposely for the "Klukes" who constituted the majority of the purchasers.—U. S. Tobacco Journal.

**Five Years for Davis.**

Indianapolis, Ind., May 7.—Cashier Davis of the Washington (Ind.) Bank was sentenced to five years' imprisonment by the federal courts. There had been an impression that Davis would be allowed to go under suspended sentence, and the verdict was somewhat of a surprise.

**Objec to Negro Ball Player.**

Indianapolis, Ind., May 7.—The cadets of the Culver Military School have drawn the color line on the Manual Training High School ball team and have canceled a date because Wirt Smith, catcher for the high school, is colored.

**Only Three Sealers Lost.**

St. Johns, N. F., May 7.—The seals caught during the season just closed represent a total value of \$450,000. None of the vessels of the fleet was seriously damaged by ice and only three men were lost.

## COOK COUNTY REPUBLICANS

**Convention Indorses Governor Yates and Cheers President's Name.**

Chicago, May 7.—With a degree of harmony not seen in a Republican county convention since the gathering in 1896, a complete ticket was nominated by the Cook county Republican convention, which met in the First Regiment armory.

Complete confidence in the state and national administrations was expressed. Gov. Yates and President Roosevelt were endorsed, and the president's name was cheered. While there was no action taken instructing the delegates to the state convention on the senatorship, it was generally admitted that A. J. Hopkins will have a large majority from Cook.

**American Sailors in Street Fight.**

Rome, May 7.—A telegram from Trieste states that a number of sailors belonging to the American cruiser Chicago assaulted citizens in the streets. Four of the men were arrested despite efforts to rescue them. They were delivered to Captain Dayton, commanding the Chicago, who paid all claims for broken windows.

**Lew Wallace's Anniversary.**

Crawfordsville, Ind., May 7.—Yesterday was the fiftieth anniversary of the marriage of General and Mrs. Lew Wallace. It had been their intention to hold an elaborate celebration of the event, but General Wallace has been in Cincinnati and found it impossible to reach home, so the plan was abandoned.

**Red Men's Silver Jubilee.**

Peoria, Ill., May 7.—The silver jubilee convention of the Improved Order of Red Men of Illinois convened here and is largely attended by members from all parts of the state. The next convention goes to Bloomington. A grand parade of the delegates took place.

**Russian Revolution Spreads.**

Odessa, May 7.—The peasants' revolutionary movement has reached the mining district of the south Ural province, which is considered the most rebellious section of Russia. The population is extremely brave and hardy and combines the two industries of farming and mining.

**Production of Gold in the Hand.**

London, May 7.—Estimates of Rand gold production for April are 120,000 ounces, against 104,127 (actual) in March. The value of this estimated production would be \$2,400,000, against \$2,082,000 in March, \$1,628,000 in February and \$1,406,000 in January.

**Congressman Salmon Is Dead.**

Morristown, N. J., May 7.—Representative J. S. Salmon of the fourth district of New Jersey died suddenly at his home in Boonton. Apoplexy was the cause of death. He was fifty-six years old and was serving his second term in Congress as a Democrat.

## RESULTS OF THE BALL GAMES

**American League.**  
Chicago, 6; Cleveland, 3.  
Philadelphia, 11; Washington, 0.  
Boston, 6; Baltimore, 1.

**National League.**  
Pittsburg, 6; Cincinnati, 2.  
American Association.  
Columbus, 5; Milwaukee, 4.  
Indianapolis, 7; Minneapolis, 4.

**Western League.**  
St. Joseph, 5; Denver, 2.  
Kansas City, 4; Colorado Springs, (thirteen innings), 6.

**Three-Eye's League.**  
Rockford, 11; Evansville, 3.

**BIDS FOR CITY PRINTING.**

Bids for publishing all city new ordinances and legal notices were opened at the city hall this noon by City Clerk Badger and Alderman Murray of the printing committee the bid of the Recorder Printing Company was 60 cents per folio for first insertion and 40 cents per each subsequent insertion, the Gazette Printing Company bid 65 and 35 cents for the same work. The bids will be referred to the next meeting of the council, but as both are above legal rates, both will probably be rejected.

## LIST OF LETTERS

Remaining uncalled for in the Janesville, Wis., postoffice, for the week ending May 7, 1902:

**LADIES.**  
Haker, Miss Teresa  
Carson, Miss A. W.  
Gardner, Mrs. C.  
Leonard, Miss Kate  
Palmer, Miss Carrie  
Rynn, Miss Florence  
Taylor, Mrs. Mary  
Wenden, Miss Clara

**GENTLEMEN.**  
Adis, J. W.  
Boyle, James  
Campbell, T. D.  
Cochran, James  
Crawford, C. A.  
Howard, John  
Lutzinger, Walter  
Marlins, Mr.  
Manklert, Mr.  
Porter, John S.

**FIRMS.**  
Clove Tobacco Planter Co.  
Persons calling for any of the above letters will please say "advertised," naming the date.

O. F. NOWLAN, P. M.

## STILL KEEPS IT UP.

"During a period of poor health some time ago I got a trial bottle of Dr. Williams' Little Early Risers," says Justice-Of-the-Peace Adam Shook, of New Lisbon, Ind. "I took them and they did me so much good I have used them ever since." Safe, reliable and gentle, Dr. Williams' Little Early Risers neither gripe nor distress the stomach, soothe the liver and promote regular and easy action of the bowels.

## Men's Summer Fashions

From a philosophical earnest student of men's clothes come a few timely hints on summer fashions, says the New York Sun. The Panama hat is to be the thing and a man who wears a rough straw cannot hope for recognition. More-over colored hat bands are no longer in favor. An exception in favor of college men wearing colored hat bands is made by this same authority. The cut of clothes has not changed much from the styles of last summer. Tan and russet shoes will not be popular because they are too cheap. They may be tolerated in the country, but not in the city. The black boot is the thing and in style it should be a low quarter or Oxford tie with rounded toes. There is a vague hint that the much-neglected cane may again become popular.

## It fills the arteries with rich, red blood, makes new flesh, makes sick people well. That's what Rocky Mountain Tea will do.

35c. Smith's Pharmacy.

## "Forget Me Not"

"Standing Room Only," is the pleasing sign which has been displayed nearly every night of Rose Coghlan's tour in "Forget Me Not" which will be seen at the Myers Grand on May 16, for the first time in this city. The play is an intense and interesting society drama, dealing with the intrigues and disfranchisement of social obligations of, and by, Stephanie De Mohrivar, an adventuress of the most daring type, impersonated by Miss Coghlan.

## JANESVILLE MARKET PRICES

**Quotations on Grain and Produce As Reported for The Gazette.**  
Reported by R. E. McGuire, May 7, 1902

**FLOUR**—Retail at 90c @ \$1.10 per sack

**'Louisiana Race War.**

Shreveport, La., May 7.—Reports have just reached here of a race war at Blanchard, La., twelve miles from here. Charles Showers, a prominent planter, is reported dead, and two negroes, names unknown, dying. Deputies have left here for the scene.

**Dies on Wedding Day.**

Bayonne, N. J., May 7.—Miss Julia H. Pomphret died at her home here two hours before the time set for her wedding to Thomas Whalen, a local police official. She contracted pneumonia while making her wedding dress.

**Engineer Is Killed.**

Mason City, Ia., May 7.—Engineer Switzer of the Chicago, Milwaukee & St. Paul was killed when his train broke in two. The engine was on the bridge and Switzer slipped off and dropped into the Ocheyedan.

# CROP SUMMARY FOR THE WEEK

Highly Favorable Temperature Prevails in the Lake Region.

## CORN IS GERMINATING WELL

General Improvement of the Condition of Winter Wheat Reported from the Central Valley—Spring Wheat Seeding Backward in South Dakota.

Washington, May 7.—The weather bureau's weekly summary of crop conditions is as follows:

Nearly the entire country east of the Rocky mountains has experienced a week of highly favorable temperature conditions, and the central valleys, lake region, middle Atlantic states and portions of Texas and Oklahoma have received generally ample but in places unevenly distributed rainfall. Excessive rains have retarded farm work in northern New England and the northern portion of the spring wheat region, while the central and east gulf states and portions of the south Atlantic coast are in need of rain. The middle and southern Rocky mountain regions continue to suffer from severe drought with disastrous effects to crops and live stock. Over the western portion of the plateau region and on the Pacific coast the week has been decidedly cool, with heavy frosts in the plateau districts. Dry and warm weather is much needed in Washington and Oregon.

Except in portions of Iowa and Missouri, where corn-planting has been interfered with by heavy rains, this work has made favorable progress in the states of the central valleys and the early planting is generally germinating well. In the southern states corn has made favorable progress, though needing rain in portions of the east gulf districts.

A very general improvement in the condition of winter wheat is reported from the central valleys, lake region and middle Atlantic states. The crop, however, has suffered in portions of Nebraska, Kansas and Texas, and in the last named state has failed so rapidly in sections that some will be plowed up for other crops. Favorable reports continue from California, except in the southern portion of the state. In Oregon and Washington the crop, though late, is in promising condition, especially in Oregon.

Spring wheat seeding has been delayed in North Dakota and northern Minnesota but has made favorable progress in the southern portion of the spring wheat region.

Oats have made very favorable progress except in Nebraska, Texas and portions of Missouri and Alabama. Good stands of the early planted cotton are generally reported, but the late planted, especially in the central and eastern portions of the cotton belt, is coming up irregularly.

Except in North Carolina and Kentucky, tobacco plants, though late, are plentiful and healthy and are generally improved.

The prospect for peaches in the Ohio valley is not promising, but elsewhere the outlook is very favorable. The reports respecting other fruits are generally encouraging.

Brings attractiveness to listless, unlovable girls, making them handsome, marriageable women. That's what Rocky Mountain Tea will do. 35c. Smith's Pharmacy.

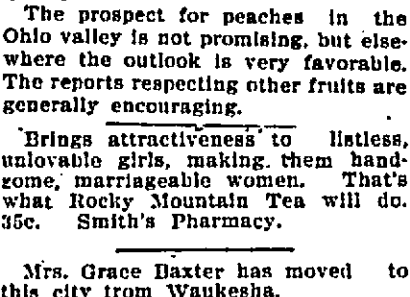

## Mrs. Grace Baxter has moved to this city from Waukesha.

## BAD BLOOD TELLS

You have the most convincing evidence of this fact every day. Otherwise beautiful faces marred by black heads, blotches and pimples, muddy or sallow complexions, and red, rough or oily skins are some of the most common and conspicuous symptoms of bad blood.

You can hide these ugly and humiliating blemishes by glazing them over with face powders and rouge, and the rough and discolored skin is made white and smooth by a lavish use of cosmetics, but these artificial complexions and false skins only last for a day, when the eruptions and spots stand out as bare and brazen as ever. The natural beauty and smoothness of the skin cannot be permanently restored by the use of external applications, for the reason that these skin diseases are due to some poison or humor in the blood that must be antidoted and eliminated before the skin can or will return to a healthy state.

Under the purifying and tonic effects of S. S. S. all impurities are expelled from the blood, the general health is invigorated, and all disfiguring and annoying eruptions promptly and permanently disappear from the skin, and it becomes as soft and smooth as ever.

Bad blood tells in many other ways. Itching and burning eruptions, rashes and sores, boils and carbuncles show the presence of some irritating poison or unhealthy matter in the blood, and these aggravating troubles will continue until the weak and slow circulation has been quickened and the deteriorated blood made rich and strong again. Some are born with bad blood, and it begins to tell in infancy; scrofulous affections, sore eyes, scalp diseases, nasal catarrh, stunted growth, brittle bones and soft, flabby muscles are some of the early manifestations of bad blood by inheritance. These symptoms, if neglected, may develop into some deep-seated and serious blood trouble later on in life, but the timely use of S. S. S. will check the disease in its incipency, remove all taint from the circulation, and the little sufferers grow into healthy manhood and womanhood.

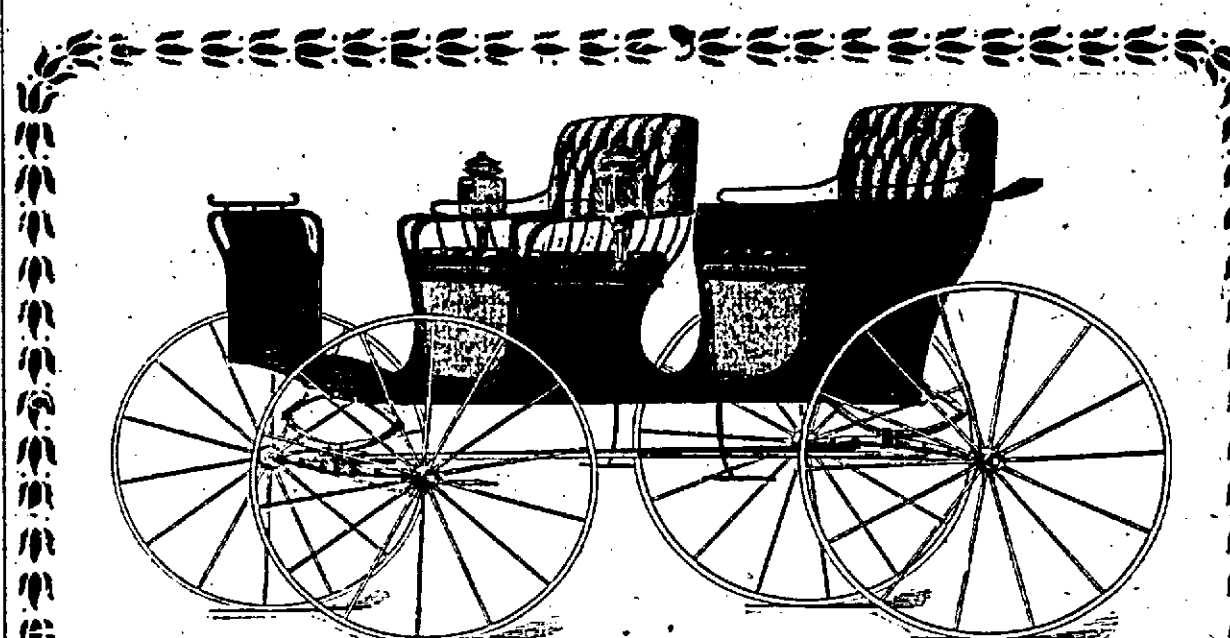

**SSS**

When the blood is healthy and pure it tells a different story, a smooth and flawless skin glowing with health, a sound body and active brain, well nourished system, good appetite and digestion, and restful and refreshing sleep. S. S. S., combining both purifying and tonic properties, contains all that you need in the way of a blood builder and skin beautifier.

S. S. S. is Nature's Remedy. It contains no Arsenic, Potash, or other mineral, but is strictly a vegetable blood purifier and tonic that can be taken without fear of any hurtful effects, and with perfect assurance of a speedy and lasting cure. Our illustrated book on the Skin and its Diseases contains much plain and practical information about eruptive diseases, their cause and cure, how to take care of the skin, etc., that will be of inestimable value to all sufferers. We will mail you a copy free.

Write us about your case and our physicians will gladly furnish any information or advice desired without charge.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

**WHEN** Carriage Manufacturers, either home or foreign, buy their Carriage Parts of different manufacturers, such as axles welded in one piece, of the Axle Manufacturing Company; bodies of Cincinnati Body Builder; seats of somebody else; gear woods of five or seven pieces, of another firm; ship them to a given point and assemble them and call them home-made goods. It is like the mush room Bicycle Manufacturers that bought all their parts and call them home-made, and by so doing think that public sympathy will give them trade. If you want to see a line of goods made in one factory, call at Tarrant & Kemmerer's and see the Henney line of Freeport.

## WEATHER FORECAST.

Fair tonight and Thursday.

## BEET SUGAR INDUSTRY

The beet sugar industry, which was discussed by the business men last evening, is the most practical thing for the city and county that has yet been advanced. It has been demonstrated beyond question, by scientific test on the part of Professor Henry, of the Agricultural College, that Rock county is in the sugar belt, and that the sugar beet raised here, is not rivaled in the state. The plant now in successful operation at Menomonee, is an immense factory, and the farmers in that vicinity are reaping a rich harvest. The crop is reliable and the yield more profitable than tobacco, with but little expense for handling and quick returns on investment.

All that is required this year is for a number of farmers to raise one or two acres each, and ship the crop to the Menomonee factory so that the management may determine just what the sugar producing quality is. This sample crop will be paid for by the Menomonee factory. After the working test is made, if results are satisfactory, the owners of the northern plant will erect a plant in Janesville, costing in the neighborhood of half a million dollars, providing 4,000 acres of land can be secured by contract to raise a crop.

The average net profit on raising beets is \$30 per acre. This is after all expenses are paid.

The Menomonee company advances \$25 per acre to the grower, when the crop is planted, which practically pays the expense of raising. Many of the farmers in that vicinity are under 10 year contracts. One man planted 400 acres last year on leased land and netted \$8,000.

The only bonus required for a sugar factory that will employ from 400 to 500 hands, five months in the year, is contracts for acreage necessary to run it. The tobacco industry may interfere to some extent, but there is land enough for both. Many farmers will be willing to raise beets, who would not plant tobacco.

The crop is as reliable as corn, is easy to handle, and brings the cash as soon as ready to market. It pays far better than any of the cereals and does not exhaust the soil. Professor Henry claims that the nutriment is supplied by sunshine and air.

## THE PRIMARY LAW

The "Whitehead" letters, now being published by many papers throughout the state, are being generally read, and are causing a great deal of favorable comment.

The primary law, which created so much discussion while the legislature was in session, is being dissected by sections. In the light of this kind of treatment, and it is perfectly fair, because it deals with nothing but facts, the inconsistencies of the law are so glaring, that they are easily recognized. Senator Whitehead shows up these inconsistencies, by simply analyzing the bill, and comment is unnecessary.

If there was ever a piece of visionary and impractical legislation contemplated, it is wrapped up in the Stevens bill. It is a fair specimen of political economy, "as she is taught" and the state has occasion to thank the conservative element of the legislature, for turning it down. Aside from any personal motive, that may have been behind the measure, it is as impractical as any scheme that Bryan ever fathered, or that Debs ever thought of. The effort that is made by the governor's supporters, to make it appear that the republicans supported such a measure is too silly to command attention. While the convention that nominated the governor was ready to not at his beck and call, and was selected for that purpose, it is extremely doubtful if these men would have committed themselves to a measure so unreasonable, and so fanatical, as the Stevens bill.

It is well for the republicans of the state to remember, that this identical bill, or one so near like it, that no difference will be discovered, is one of the prominent issues of the campaign. If LaFollette is re-nominated and a legislature secured that is in sympathy with him, the first business to be considered will be the same primary election scheme, and the men will support it, not because they endorse it, but because they are carrying out their leader's behest. They will fail to support Senator Spooner, for the same reason. The men who do not agree with the Governor, are denounced in the following vigorous language, on page 93 of the Hand Book, recently issued. Harmony shouters will kindly explain, how harmony is possible, when confronted with this sort of sentiment:

Who they are.

"The assemblymen and senators

who violated the pledges of their party and opposed these measures in the last legislature are the men who signed the roll of the Bolter's League. These are the men that opened the fight within the ranks of the Republican party. These are the men that have given their sanction to the disgraceful fight that has been waged against Governor LaFollette. A fight that might seem to give even temporary aid, that has not lost one drop of its vigor when, worn out by the winter's struggle, Gov. LaFollette was confined to his house so sick a man that he could not strike a blow in return, so weak that it was with an effort that he cared for the business of the executive office with the assistance of his secretaries.

"These are the facts."

This kind of venom was incited for the simple reason that the chief magistrate of a great state, could not have his own way, in foisting upon the people of the state a primary law, fashioned after his own heart. And yet there are some men who believe that this kind of a man should be endorsed for a second term, and given another opportunity to repeat the experiment. It will never be done.

## OUTLOOK ENCOURAGING

Henry Clews, the New York banker and board of trade man, closes his last financial letter with the following statement:

"As to the future of the market, there seems to be nothing to hinder a further advance, except the exceedingly plain fact that prices are high enough, and the opportunities for a bull market are much inferior to those of a year ago. Fortunately stocks are generally in strong hands, the public has been unusually cautious in entering the market, and there is a general feeling of skepticism abroad, which is something of a safeguard and prevents any outbreak of wild speculation. There are weak spots, and possible squalls in sight, but thus far the present era has been singularly free from speculative excess, considering the tremendous developments of the last five years. The sensational declines in International Power and General Carriage emphasize the warning to let the industrial severely alone. Wednesday's pinch in the money market was somewhat disturbing; while on the other hand the increases in Northern Pacific and Pennsylvania dividends were very emphatic reminders of railroad prosperity."

Mr. Clews not only understands Wall street thoroughly, but he has his hand on the pulse of the country and is regarded as authority on industrial stocks. He says that the crop prospects are favorable, and that the business of the country is on a sound financial basis. The era of wild speculation has passed and with plenty of money for all legitimate purposes, there is every reason why the present year should be the most prosperous in the history of the country.

## SECOND LETTER OF SENATOR WHITEHEAD

The second letter of Senator Whitehead deals with the vital defects of the Stevens bill in that it deprived the voters of the right to cast a secret ballot and was not in accordance with the Australian ballot. Secrecy was impossible from the fact the requirement was made the voters must declare openly what ticket he intended to vote, while the platform demanded the Australian ballot. The Stevens bill did not provide for a secret ballot as the constitution provides for.

Mr. Whitehead recites the provisions of the Cooper law and the subsequent amendment to comply with the Australian system and it was claimed the first Cooper law tended to disfranchise electors anyway, but one election was held under this law and it was amended so that voters could vote a straight ticket by placing but one cross at the head of the party group, the ticket being so arranged. As he says, the Cooper law was introduced to prevent espionage and to make sure the independence of the voters and the complete secrecy of the ballot. This the Stevens bill did not do. It compelled the voters to disclose his party before he could vote and therefore violated the constitution.—Racine Journal.

## DEATH OF POTTER PALMER

Potter Palmer lived to ripe age, and yet he was not an old man. He carried the weight of his 75 years without the loss of mental activity, and with a step that indicated physical vigor. He was a product of Chicago, so far as business development was concerned, and was so closely identified with the city's interests, that his name will live for time to come, as one of the men who erected substantial monuments for public benefit. The "Palmer," for many years, was the leading hotel of the city. When Mr. Palmer put his money into it, he had faith in the future of Chicago. He was a public spirited enterprising citizen, possessing rugged honesty and broad intelligence. His unexpected death will be sincerely mourned by a large circle of friends, who had learned to respect and love him for the sterling traits of character possessed.

In the death of Father Corrigan, the eminent New York priest, the Catholic church has lost one of her brightest men. He was a noted educator, as well as Bishop and the impress of his life will be felt for many years to come. One hundred

parishes in greater New York, having 600 priests and representing a membership of nearly 1,000,000, were under his direct supervision. He enjoyed the love and confidence of this large constituency and his life was devoted to their best good.

The President is being criticized for appointing Clarkson of Iowa, to an important office in New York. The President is possessed of ordinary political sense. He has discovered that Clarkson, Hanna, Payne and that class of men are the backbone of the republican party. Traded and maligned because they possess the courage of conviction. If Cleveland had recognized the same class of men in his party, there would have been more democracy and less Bryanism.

The local committee at San Francisco, having in charge the National Biennial Gathering of the Knights of Pythias, to be held in that city from August 10th to 20th, are already at work, and extensive preparations are well in hand. The press agent, Isiah Chynskil, is sending out some interesting circulars giving full particulars of plans. He invites correspondence.

The man who "beefs" about the price of beef, will be interested to know that the receipts of cattle in Chicago, fell off half during the past month. When the reaction comes, and people discover how extravagant they have been in eating meat products will be no longer a luxury. "All smoke."

The Gazette has long claimed that Governor LaFollette was a dangerous man for Chief Executive. The proof of the statement is found in the Hand book recently issued by his Organ in Milwaukee, and supposed to express his sentiments. Any man who is willing to father that sort of a creed, should be permanently retired to the ranks.

## PRESS COMMENT.

Milwaukee Sentinel: Forty pages of the Voters' Hand-Book are filled with the speeches and writings of Governor LaFollette. But the Fern Dell speech is not there.

Evening Wisconsin: Senator Mc Laurin simply abandons Democracy of the South Carolina variety, which is of the same class with the Democracy of the southern states having "grandfather clauses" in their constitutions.

Manitowoc Times Press: We had steadfastly refused to believe the governor was opposed to the re-election of Senator Spooner, but during the past week we got it from one who had but a few hours before had a conversation with the governor that "Spooner was already whipped."

Waupaca Record: Eleventh story or no eleventh story there are a lot of people of sound mind and body who do not want to see LaFollette re-nominated because they consider him unfit to handle the executive department if this grand and noble state of Wisconsin.

Milwaukee Journal: The organs talk about "the silly Dahle charges," and then explain that if he wants to run for congress, he can, whether LaFollette pleases or not. But that is not the gravamen of the case. The matter does not concern that at all. It has to do with the way he was treated by the Half-Breed machine, the deception and unfairness of the way he was made use of to aid in his own defeat. That is the charge they have to meet and do not touch upon. Why do they not talk to that?

An Exciting Experience  
Michael Farrell, who lives on the Emerald Grove road, had an exciting experience with a kicking horse on South Main street yesterday afternoon about four o'clock. Farrell had been in town and had a fair sized jag on. While going down Main street he reached over the dash board to strike the horse and received a kick on the side of his head from the frightened animal that landed him in the street. The horse started to run away but was caught by some people passing by, who sent in a call for the patrol wagon. Farrell was taken to the East Side fire station where his wounds were dressed. The same horse that kicked Farrell yesterday dragged him and his buggy all over South River street about two weeks ago.

## Miss Minnie Behling Surprised.

Miss Minnie Behling, who resides with Mr. and Mrs. John Schoof on Fifth Avenue, was pleasantly surprised last night by a number of her young friends. Various games were indulged in, after which light refreshments were served. The party broke up in the small hours of the morning. A most enjoyable time was reported by all present.

Mrs. August Deestadt of Chicago is the guest of Mr. and Mrs. Wm. Lise.

WE EMPLOY A FIRST CLASS SHOE REPAIRER.

## MR. JAMES MOUNT DIED AT NOON TODAY

In His Death Janesville and Rock County Lose an Honored and Successful Citizen.

James Mount died at his home, 401 Court street, in this city at noon today, surrounded by his family. In his death Janesville and Rock county lose an honored and successful citizen.

Though the deceased had been in failing health for several months his death will be a shock to his numerous friends throughout this region where he is held in universal esteem because of his sterling character. In his sixty-six years of residence in the county his ability and industry had brought him deserved success.

Mr. Mount was born seventy-three years ago in one of the Shetland islands. At the age of seventeen, with his father's family he came to Wisconsin settling in the town of Harmony this county, where he resided until coming to this city about ten years ago.

His wife survives him, also three sons, Thomas H. of Stroud, N. D., Frank J. and Malcolm O., both of Janesville.

Three daughters also remain, Grace and Mary of this city and Mrs. Margaret E. Dupuis of Chicago. Two sisters are also living. Mrs. Thos. Jameson and Mrs. Mary Carle of Janesville.

Mr. Mount was a modest unassuming man possessing graces of character that won for him a place in the hearts of all that knew him.

Scrupulously honest, he enjoyed the confidence of a large circle of friends, who will sincerely mourn his loss.

Deceased was for many years an efficient and honored office bearer in the Presbyterian church.

Arrangements for the funeral have not been made and will be announced later.

## Funeral of Mrs. John Egan

The body of Mrs. John Egan was laid at rest this morning in Mount Olivet cemetery. The services were held from St. Patrick's church at 8:30 o'clock and were conducted by Rev. Fathers Nichols of Elkhorn. The pall bearers were Ed. Hughes, John Broderick, Charles Carroll, E. J. Hart, James O'Donnell and Edward Ryan.

## Funeral of Bryan Cassoday

The funeral of the late Bryan Cassoday was held from St. Patrick's church at 10:30 o'clock this morning. The Rev. E. J. McGinnity officiating. The services were largely attended by relatives and friends. The interment was at Mount Olivet cemetery. The pall bearers were Michael Beggs, Peter Beggs, James Carle, Edward Tracey, John Burns and Jas. Lewis.

## ANN COLLINS IS OFFERED JUST \$800

Judge Dunwiddie Says She Must Accept a Judgement for That Amount or Stand New Trial.

Judge Dunwiddie today filed a written opinion in the case of Ann Collins against the City of Janesville in which he gives the plaintiff the option of remitting \$800 in addition to the \$900 already remitted and take judgment for \$800 or he will set the verdict aside and grant a new trial in the case. The plaintiff must file an acceptance or refusal of this offer within ten days.

This action was brought by the plaintiff against the city for damages for personal injuries sustained by her, as she claims through falling on a defective sidewalk on Cherry street. This action has been bitterly contested by the city and has already been to the supreme court three times. In the last trial of the action in this city at the February term of the circuit court the jury awarded the plaintiff \$2,500 damages. At a later day when a motion to set aside the verdict was argued the plaintiff's attorneys agreed in writing to remit \$900, leaving the judgment \$1,600 by the ruling of Judge Dunwiddie this is now reduced to \$800, which they can accept or have a new trial.

## Taylor-Lowell Factory Moving

The Taylor & Lowell Manufacturing Co., is moving from their old quarters on Park street near the Lewis Knitting factory to the Kent Corn Planter factory, on north Main street, near the viaduct. The new quarters are being fitted up for the manufacture of the new woven wire fence machines and the making of woven wire fencing. They will also do a general machine making and repair business.

The facilities of the company are greatly increased in their new quarters and the number of orders coming in would forecast a busy season. This company has sold one of its large fence making machines and has orders for several others. It has also a large number of orders for its superior fencing.

## Repair Railway Bridge.

The workmen, who have been repairing the bridge of the C. M. & St. Paul railway, belt line, just below the upper dam, have finished that work and did a most substantial job. Over one hundred piles were driven in the river and a large number of old ones removed. New cross plates and bed timbers have been put in and new ties laid throughout the bridge, making one of the most substantial structures of the kind in the city. During the past few years the amount of traffic across this bridge has increased greatly and a good bridge was needed.

## Card of Thanks

The Woman's Auxiliary of the Y. M. C. A. desire to express their sincere thanks to all those who so kindly donated or in any way assisted them in making their recent "Trip Around the World" a success.

Furniture stored. Read card in classified column. See Cannon.

The Janesville Gun Club will hold the first clay pigeon shoot of the season at Athletic Park, Thursday afternoon, at 3:30.

On account of an error having been made in the blue for city printing, the committee will have to re-advertise for bids.

In the Municipal court this morning the case of George Searcliff vs. the Western Union Telegraph company was adjourned until May 8.

Mrs. Rufenburg, of Beloit, an inmate of the county house, died at that institution yesterday. She was buried this morning in the cemetery belonging to her to the poor farm.

The P. Hoheneidel Jr. Co., of this city will plant about eight hundred acres of sweet corn this year on the property rented by them. They have part of the ground all ready for planting and will begin as soon as the rain lets up for a short time.

J. L. Fisher has been at Kenosha during the past week securing acreage for the P. Hoheneidel Jr. Co., factory.

Every suit we offer this week at a 25 per cent. reduction is of the famous Belford make possessing all the style, fit and workmanship of the best of garments. Bort, Bailey & Co.

The social of the Eastern Star Study class which was to have been held tomorrow afternoon has been postponed for one week. It will be held May 15 with Mrs. W. H. Merritt.

The Kaffir boy choir sang at Fond-du-Lac last night and stopped here for dinner on their way to Beloit. They are bright looking boys and are doing a good work for India, their native land.

The Janesville High school will be represented at the oratorical contest held here Friday night by Frank Holt, The Sparta, Beloit, Evansville and Whitewater schools will be represented.

Wednesday, June 4 will be observed as a memorial day to the deceased members of the Women's Relief corps. This is in compliance with the last general orders issued by the Department of the W. R. C.

Popular prices will prevail at Mrs. Day's entertainment. 35c. reserves the best seat in the house, but you must apply early as a large number of tickets are already sold. Sale opens Friday morning at 9 o'clock at Peoples' Drug store.

Some steps should be taken by the city authorities to flood the sewer running from Ziegler's corner to Rock river. The stench that arises from this place is very bad and a stream of water should be turned into it to wash the dead and decaying stuff out of it.

The steam roller was at work this morning on South Franklin street between Milwaukee and Dodge streets which is to be raised about three inches to conform with the rest of the street. The heavy spikes in the hind wheels of the roller are used to break up the macadam.

The case of the state of Wisconsin against Michael Holleran, Jr., charged with carrying concealed weapons and threatening to kill was taken up in the municipal court yesterday afternoon. Judge Fife found the defendant guilty and fined him \$10 and costs in all \$31.70, or \$30 days in jail. He went to jail.

Under Sheriff Cochran left a coat at the jail today that was found in Dolson's back yard on South Main street. It had some valuable papers in it and it is thought that it belonged to one of the men picked up by Officer Beneke last night that was minus a coat and vest.

The committee appointed at the meeting of the Business Men's club last night consisting of A. E. Matheson, George G. Sutherland, M. G. Jeffris, George S. Parker and Michael Hayes went to Beloit this morning to investigate the growth of the city in regard to manufacturing plants.

During the storm on Saturday night lightning struck the tobacco warehouse of C. J. Jones on South Main street and wrecked the roof. Fortunately the building did not catch on fire. During the same storm lightning struck the large barn on the Starr homestead in the town of Newark and the fire which resulted destroyed the structure.

Gertie Howard Found

Gertie Howard, a young woman who disappeared from home a day or two ago with a Northwestern telegraph operator named Kane, was picked up this morning on North Main street by Officer Fanning and taken to her home. It was reported she had eloped with Kane and her parents have been searching for her for two days. The police were notified of the matter and succeeded in getting the girl.

## THE SCHOOL BOARD ASSIGNS TEACHERS

List of Those Who Will Teach in the Janesville Public Schools the Ensuing Year.

A special meeting of the school board was held yesterday at their rooms in the high school building, for the purpose of hearing a report from the Kindergarten committee and to appoint the teachers for the ensuing year.

The committee on kindergartens composed of Commissioners Cunningham, Rudolph, and Shearer, reported that they were not yet ready to hand in a report on the subject, but would be in a short time. They had investigated a number of rooms and were going to look over a number of others before deciding where they would locate.

The board also passed upon the list of teachers at this time for the ensuing year. None of the teachers were dropped from the list. The board made the apportionment at this time in order to let the teachers know what they are going to do before the beginning of the summer vacation. The list of appointments are:

High School  
Sarah Hostetter, G. M. Brace.  
Mr. M. Losey, Gertrude Zelinger.

Allice Fenton, Prin.—First and Second Grades.

Monica Gagan—Third and Fourth Grades.

Friday Will Be

ARBOR AND BIRDDAY

A Varied Program is Being Arranged, Besides the Usual Out of Door Exercises.

Next Friday will be Arbor and Bird Day and the forty-seven teachers of our public schools will observe the day in a most appropriate manner with the pupils under his or her charge. A varied program will precede the outdoor exercises in all of the schools. Songs and recitations will tell of the pretty feathered songsters that add so much cheer to our outdoor-of life. The manifold uses and beauties of the trees, flowers and shrubs will be told by many tongues.

After the indoor exercises every school will spend several hours in the effort to beautify the lawns, such as sowing grass and flower seeds, planting of bulbous flowers, ferns, lilacs and shrubbery of various kinds.

Some of the older pupils and their teachers will take a jaunt overland and greet the feathered songsters in their native haunts and study the vegetable kingdom in its primitive glory. Others will visit the Indian Mounds of Black Hawk grove and other nearby mounds to study one feature of Indian life.

At the Jackson school several large trees will be planted and the lawn beautified. At the Grant school a row of lilacs will be planted and at the Adams school the lawn and playground will be planted with fresh grass seed and flower seeds.

Walter Helms, the seedman, gave each of the city schools a dozen packages of flower seeds and these will be put to the best use.

Entertained Her Friends

Mrs. Cornelia H. Tallman entertained about 75 of her lady friends last evening at her handsome home on North Jackson street in honor of her niece, Miss Nellie Ewer, of Chicago. Refreshments were served at 6:30 after which the balance of the evening until 10:30 was spent in playing six-handed euchre and other games when the guests departed for their homes. The prizes in the contest fell to Mrs. Charles Putnam and Mrs. H. W. Frick.

A. O. U. W. Party, May 13

All having received invitations to previous A. O. U. W. of D. of H. parties are cordially invited to be present at the A. O. U. W. party, May 13.

## NEWS OF A PERSONAL NATURE

H. D. McKinney departed this noon for Chicago.

R. L. Fletcher went to Ft. Atkinson this noon.

R. H. Smith, of Beloit, was a visitor to this city today.

Miss Blanche Sweeney went to Chicago this morning.

Joe Bassett of Clinton, visited in the city yesterday.

Attorney Wm. Smith transacted business in Edgerton today.

S. C. Craig, of Fort Atkinson, was in the city yesterday on business.

Margan Wise has accepted a position in a jewelry store in Waukesha.

Mr. and Mrs. O. H. Brand are expected from California the first of next week.

R. G. Merrill returned last evening from a several day's trip West of Monroe in quest of tobacco.

Mrs. Belle White is home from Kenosha, where she has been visiting relatives for a few days.

A marriage license was issued today to Peter Bartz and Martha Schulz, both of Edgerton.

Thomas F. McKee, of Whitewater, is the guest of Mr. and Mrs. George J. McKee.

Mrs. Mary Harrington left yesterday for a visit with her daughter, Miss Amelia Harrington at Minneapolis.

Supervisor H. G. Nelson, of the town of Newark, was a visitor at the county clerk's office today.

Miss Nellie Ewer, of Chicago, who has been the guest of her aunt, Mrs. E. D. Tallman for several days, returned to her home this morning.

CITY NEWS IN BRIEF

It will pay you to look at our gent's summer underwear for two, three, and four shillings. T. P. Burns.

The New York Dental Parlors are still doing reasonable rate dentistry at their original offices, 205 Jackson Blk., Janesville.

The Ladies Missionary society of the First Congregational church, will meet in the church parlors at 3 p. m. promptly, on Thursday afternoon. Please tea at 5:30. A cordial invitation is extended to the ladies of the congregation.

Workmen are putting in a cement floor in the basement under Smith Drug Co.'s drug store. That basement was the birthplace of the Daily Recorder twenty-four years ago.

No trouble to find just what you are looking for here in carpets, rugs and linoleums at money saving prices. T. P. Burns.

James J. Dee and Miss Katherine McCarthy, were united in marriage this morning in St. Patrick's church at seven thirty o'clock. Their many friends wish them a happy married life.

A marriage license was issued yesterday to Hugh McCarthy and Louie Lloyd, of La Prairie. Later they secured a marriage permit from Judge J. W. Sale, and visited the Congregational church parsonage, where Rev. R. C. Denison performed the ceremony, that made them man and wife.

## BORNEO BLEND COFFEE.

"As good as any Coffee we ever used"  
"Like it better than 30c Coffee at so and so's."

"Here's a dollar for five pounds, it's the same as higher priced coffees."

"Surprised at the goodness of that Borneo Blend Coffee; we have always paid 35c for our coffee and this tastes about the same."

These statements from satisfied customers tell the story better than we can. We can give the names of those who made these remarks.

Our price is not 25c, but is a cash price, which means a saving to you of three cents a pound. We earnestly desire you to try Borneo Blend.

BROS.

## EXPORT FLOUR ON LEVEL WITH WHEAT

Reduction in Freight Rates by the St. Paul Road Causes Great Rejoicing Among Millers.

The Chicago, Milwaukee & St. Paul road today placed export flour on a level with wheat in the matter of transportation charges. The action of the Milwaukee officials has caused great rejoicing among the millers of the northwest for it means a saving of millions yearly for them and the bolstering up of industries which are said to be on the verge of ruin owing to the rate discriminations.

For some time the Milwaukee officials have felt that flour should be given the same rate as wheat, and the interstate commerce commission has been working to that end. For years the millers have been complaining that owing to the discrimination in rates against flour quantities of wheat have been shipped yearly to Europe and there ground into flour. It has been vigorously contended that if the rates were made the same on wheat and flour grain would not be taken from the United States, but could be made into flour here and then shipped for export.

So desperate had the situation become in the opinion of millers that strong appeals for relief have recently been made to President Roosevelt direct, to congressional committees and to the interstate commerce commission.

The rate from St. Paul and Minneapolis on both flour and export grain is now 20 1-2 cents; formerly it was 23 cents on flour. The rate of 20 1-2 cents applies to part lake and part rail shipments and was put in by the Milwaukee after the officials of that company had induced one Eastern line to agree to accept it as a basis. Later other Eastern lines did the same, and now all Western lines will be obliged to quote the rate.

In New York there was a meeting of the executive officials of the trunk lines with a view to placing flour and grain on an even basis by the all rail route. From Milwaukee the rate on flour for export by all-rail is 25 and on grain 17 1-2 cents.

## B. OF L. ANNUAL BALL LAST NIGHT

One of the Largest as Well as One of the Most Enjoyable Parties of the Season.

The Ladies Auxiliary of the B. of L. T., gave their fourth annual ball last evening at Assembly hall. It was one of the largest as well as one of the most enjoyable parties of the season. Almost 150 couples were present and nothing was left undone by the ladies to add to the enjoyment of their guests. The hall had been handsomely decorated with bunting, the colors of the auxiliary mingled with the colors of the trainmen, presented a pleasing effect.

The band stand was decorated with palms and ferns and almost concealed Smith's orchestra, which furnished the music for the dance.

The dancers took an hour's intermission at 12 o'clock for refreshments, after which the party continued until three o'clock.

The committees in charge of the dance follow:

Arrangements—Messdames J. J. McCaffrey, Henry Carroll, M. M. Norton.

The floor committee, decorations and other assistants were the following members of the B. of L. T.—M. M. Norton, John Brown, John Whinnery, Joe McDonald, Jas. Byrne and M. T. Dullin.

In Justice Court

In Justice Earle's court this morning James Cassidy obtained judgment against August Wilke for \$117.63 on a note.

The four cases of J. H. Watson vs. W. J. Smith, Patrick Clark, John Burke and Patrick Murray were all adjourned for one week. The case of Elton Carroll vs. Susan Layman was dismissed and the case of David Van Wart vs. Mary Wadsworth was adjourned.

In Justice Reeder's court this morning the case of the Rock River Machine Co. vs. The Janesville Water Co. as garnishee of Milton Connell and Carlton Connell was adjourned to June 4.

Enoch Taylor, who lives north of the city limits, has just finished setting out about 150 of the finest of nursery stock, consisting of cherries, pears, grapes, and other small shrubbery. When these different varieties arrive at the bearing age, Mr. Taylor will have one of the finest orchards in the county.

## IT IS AN ACTUAL FACT:::

## GRANTS PARDONS TO MINE WORKERS

President Releases Men Sent to Jail for Violating Injunction.

### BEVERIDGE ASKS FAIR PLAY

While Admitting Outrages Have Been Committed in the Philippines He Maintains American Soldiers Have Shared Medicine and Food with Enemy.

Washington, May 7.—The president has granted pardons in the cases of W. H. Weber, John Haddock, Tom Braley, Cass Braley and David Clarkson. After a hearing before United States District Judge McDowell of the western district of Virginia the petitioners were adjudged guilty of contempt of court and on March 25, 1902, were sentenced as follows: William H. Weber and John Haddock to be imprisoned in the city jail at Lynchburg, Va., for six months; Tom Braley to be imprisoned in the county jail of Wise county for one month, and Cass Braley and David Clarkson to be imprisoned in the county jail of Wise county for two months each. Weber and Haddock were organizers of the United Mine Workers and had been in the neighborhood of the mine engaged in the work of organization for six or eight months. The other three petitioners were miners employed at the works and members of the United Mine Workers.

The specific charge in these cases was disobedience of an order and injunction by the court restraining the petitioners from going upon the mine property or in any way interfering between the miners and their employers. The attorney general, in his letter to the president on these cases, said: "The facts in this case are fully set forth in the accompanying brief of the pardon attorney. "I am unwilling to base a recommendation on seeming acquiescence in the view of the court that the ultimate purpose of the union (the United Mine Workers) is not legal, and it is proper to express the belief that the difficulties at the mine were aggravated by the arbitrary discharge of union workmen. Nevertheless, I do not intend by this statement to pass upon the final judicial finding of fact that contempt was committed. "Under all the circumstances and especially in view of the punishment already suffered, I recommend that as an act of executive grace the application for pardon be granted."

### DEFEND THE SOLDIERS.

Senator Beveridge Says Both Sides Should Be Heard.

Washington, May 7.—Mr. Beveridge of Indiana precipitated a hot debate in the senate which raged with varying force for four hours. He charged the opposition with presenting only one side of the Philippine question in their speeches. While he admitted that some outrages had been committed by American soldiers in the archipelago, it was true, too, that unparalleled kindness had been shown by the American troops to Filipino prisoners and Filipino wounded. Food and medicine, he said, had been shared with them, and they had been succored on the battle field and cared for tenderly in the hospital. While saying that the omission to tell this side of the story by the Democrats was unintentional, he suggested that it was unfair to make an arraignment of the American soldier and not tell both sides.

Mr. Carmack and Mr. Rawlins warmly resented any imputation of unfairness. Mr. Rawlins declared that no partisan motives had actuated the opponents of the present Philippine policy, but that they were moved only by patriotism and love of country.

Mr. Turner of Washington delivered a scathing criticism of the methods practiced by the military authorities in the Philippines, dwelling particularly upon the alleged order of General Smith, whom he denounced as a monster in human form. He urged the Philippine committee to turn all the light possible on the Philippine question to the end that the people might be fully informed on the subject.

Mr. Hoar of Massachusetts briefly defended the action of the Philippine committee, saying that already it had furnished much valuable information. He urged that the committee in all justice should call some prominent Filipinos to testify in their own behalf.

### Dismissal Assault Case.

Washington, May 7.—There was a hot contest in the local police court in a case in which Senator Money of Mississippi is charged with wounding the conductor of a street car with a knife during a quarrel over the payment of fare, which ended in the ejection from the car of the senator. The United States district attorney was on hand and entered a nolle prosequi. This was strenuously opposed by the lawyer for the company, who accused the district attorney of discrimination because the defendant held a powerful position. A parallel case was cited in which the district attorney insisted on a trial. The police judge, however, decided that the district attorney had the power to enter a nolle prosequi.

### Please Go to Sargent.

Washington, May 7.—All opposition seems to have been withdrawn to the appointment of Frank P. Sargent of Illinois to be commissioner general of immigration in succession to Terence

V. Powderly. His name was sent to the Senate and it is not thought there will be any delay in securing confirmation of the appointment, as the senators are friendly to Mr. Sargent.

**Landslide Wreck Mixed Train.**  
Menomonee, Wis., May 7.—The mixed train on the Milwaukee road between Wabasha and this city was wrecked by a landslide about three and a half miles south of Menomonee. The landslide hurled the engine and tender into the Red Cedar river. S. B. McKahan, a passenger was injured. The engineer and fireman saved themselves by jumping.

**Death Ends Polo Match.**  
New York, May 7.—Death ended a polo match with which the new grounds in Van Courtland park were opened. George Courtenay, one of the attendants, while returning to the clubhouse for polo balls, was hurled from his pony and thrown against a tree, receiving injuries from which he died immediately.

**Throws Himself Under Train.**  
Hammond, Ind., May 7.—An unidentified man committed suicide here by throwing himself under the Chicago night express on the Michigan Central railroad. He was cut to pieces. He was a stranger in Hammond, and was well dressed.

**Fights for Land.**  
St. Louis, Mo., May 7.—The fight for the valuable lands along the Missouri river front was begun in earnest when the city secured a temporary injunction restraining the Chicago and Northwestern Railway from laying tracks on the land.

**Pilgrims Killed in Train Wreck.**  
Paris, May 7.—A train conveying pilgrims to the shrine of Our Lady of Lourdes jumped the track near Moyenneville, while running at full speed. Nine persons were killed and eleven injured.

**Name Rodenberg for Congress.**  
East St. Louis, Ill., May 7.—William A. Rodenberg of East St. Louis, ex-civil service commissioner, was nominated by acclamation for Congress by the Republican convention of the Twenty-second district of Illinois.

**Earthquakes in France.**  
Paris, May 7.—Violent earthquake shocks are reported from Bordeaux, Bayonne, Pau and other places in the same region. They lasted fifteen seconds. The reports do not mention any damage.

**Senator Littler's Condition.**  
Springfield, Ill., May 7.—Ex-Senator David T. Littler, who is seriously ill at his home in this city with Bright's disease, is resting easier. His physician offers no hope of his recovery.

**Former Senator Is Ill.**  
New York, May 7.—Ex-United States Senator William N. Roach of North Dakota is seriously ill at his home from septic poisoning.

## MISS ROSE OWENS,

No. 720 Seventeenth St., WASHINGTON, D. C.

"If every suffering woman has the same experience with Wine of Cardui that I had, your medicine will be most popular. About a year ago I began to have a worn out tired feeling with lassitude, pains in the back and head which kept increasing every month. I felt that I needed something, but to get the right medicine was the trouble. I finally decided on your Wine of Cardui and only needed to take three bottles when I was fully recovered."

**W**HEN Miss Rose Owens, who has a responsible position in the Government service at Washington, D. C., decided to try Wine of Cardui, she made a wise choice. Over a million women have been relieved of female weakness by this same Wine of Cardui. It is not a strong medicine but may be taken every day in the year by any woman with benefit. It does not force results, but corrects derangements of the menstrual organs. It strengthens the nervous system, gives tone to the bodily functions, acts directly on the genital organs, and is the finest tonic for women known to the science of medicine.

**WINE of CARDUI** A million suffering women have found relief in Wine of Cardui.

## DR. LYON'S French Periodical Drops

**CAUTION** Beware of counterfeits and imitations. The genuine is put out only in paste-board Car with facsimile signature on side of the bottle, thus: Send for Circular to WILLIAMS' MED. CO., Sole Agents, Cleveland, Ohio.

KING'S PHARMACY AND PEOPLE'S DRUG CO.

## EYES SPEAK

Volumes, at times, of woman's happiness or misery. The dull, sunken eye, with its dark circles almost surely speaks of womanly ill-health, and its attendant suffering. With the dull eye goes usually the hollow, sunken cheek, the drawn mouth, the shrunken form—the whole glory of woman's beauty marred by the effects of disease.

Dr. Pierce's Favorite Prescription cures the diseases which undermine the health and mar the beauty of women. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter free, and so obtain the advice of a specialist upon their disease. All correspondence is strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"With pleasure I send a few lines to let you know that I feel much better than for eight years before taking your medicine," writes Mrs. Pierce, of 62 West Fifth Street, York, Pa. "I will recommend Dr. Pierce's medicine to every person who may inquire as to what it has done for me. I was troubled with female weakness, and began to think I would never be well. If I had continued the treatment prescribed by my doctor I don't know what would have become of me. When your treatment was commenced my weight was 105 pounds, at present it is 125. I have healthy color and my friends say I look well. My best thanks to you and my best wishes, too, for what you have done for me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets cleanse the clogged system from accumulated impurities.

## Lazy Liver

"I have been troubled a great deal with a torpid liver, which produces constipation. I found CASCARETS to be all you claim for them, and secured such relief the first trial. Since I purchased another supply and was completely cured. I shall only be too glad to recommend CASCARETS whenever the opportunity is presented."

J. A. SMITH.  
2325 Susquehanna Ave., Philadelphia, Pa.

Pleasant, Palatable, Potent, Taste Good, Do Good. Never Sickens. No Griping, No Laxative. Cures Constipation. Suffering Sufferers, Chicago, Montreal, New York, 250.

## GOOSE-HUNTING PONY

Secret of a Mexican's Ability to Kill Shy Birds in Texas.

When the Mystery Was Explained Finally Gregorio Was Permitted to Have His Own Way by the Ranch Boss.

Great numbers of wild geese were killed along the Texas coast during the past winter, as happens every year. That region divides with the Dakotas in the fall the honor of being the greatest goose field on the American continent.

The increasing shyness of the birds was more marked than ever. The geese have been shot at so much in the same territory that they have not only grown wiser, but many of them, says the New York Sun, have ceased visiting that region.

A goose differs from a duck in that it lives for a long time and if undisturbed it will continue to frequent the same part of the country winter after winter. It is no longer possible to kill quantities of geese in Texas by simple pass shooting, or digging pits on the gulf sandbars.

There died not long ago in the Nueces region a Mexican poacher named Gregorio who in the winter sold geese by the dozen when other men could not get a feather. All of that country is in vast pastures fenced by barbed wire and Gregorio being a market hunter, was ordered to stay out of them all.

In order to keep him out the gates, which are far apart, were locked and only the ranch bosses had keys. Still Gregorio would continue to go from pasture to pasture, covering 30 miles in a day and to show up in Corpus Christi or Rockport at night with Canada geese hanging to his saddle and strung all over him.

One day an overseer of cowboys saw him a mile away on the prairie, and, being curious, dismounted and watched him. Gregorio was on foot 700 yards from a large flock of geese.

SAW HIM A MILE AWAY.

His pony had been unsaddled and unbridled.

Keeping the horse between him and the geese, the Mexican began to circle around them. Now and then the pony stopped to take a mouthful of grass. Any man, let alone a goose, would have taken him for a loose animal grazing on the prairie.

In course of an hour he had been worked within 50 yards of the thickest part of the bunch. Some of the stragglers were not 20 yards from him.

Then Gregorio stepped from behind him and fired one barrel at the geese on the prairie and another as they rose. He gathered up five or six, then rode to the division fence a quarter-mile away.

Evidently it was his intention to enter the next pasture. The fence was of two strands of wire, the lowest one two feet from the ground.

Gregorio got down from the saddle and at a word from him the horse sunk to his knees, then turned upon his side. Gregorio took him by the headstall and pulled his head under the fence, then took him by the tail and pulled his hindquarters under, and so, pulling first at head and then at tail, worked him through.

Once clear of the bottom wire, the pony rose, shook himself and stood to be mounted as if nothing out of the ordinary had happened. The mystery of Gregorio's ability to go from one pasture in search of geese and ducks was explained and the ranch boss was so tickled by it that he instructed his men to let the Mexican alone.

Faded Damazels Rejuvenated. Several beauty doctors from New York are installed in fashionable quarters in London, and are doing a rushing business in preparing faded damazels who desire to look charming for the coronation festivities. Wrinkles are removed, sallow visages are given the tint of youth, and to dull eyes are imparted a lovely brilliancy. The beauty doctors promise to do all this, and are shrewd enough to get their pay in advance.

Coat Made of Colt's Hide. A storm coat of the automobile pattern, and exceedingly showy in design and material, recently caused a sensation in Paris. The wearer was Mrs. Alfred Harmsworth, the wife of the London publisher. It was made of the hide of a perfectly white colt, trimmed with sable tails and having a large collar, which could be turned up and buttoned so as to leave only the wearer's eyes and the tip of her nose exposed.

The Fashion of the Day. Innocent Little Thing—Oh, dear! oh, dear! I wish I knew what to do. Mrs. Upter-Date—What's the matter, dear? Innocent Little Thing—Why two men want me to marry them. I am awfully in love with both of them, and I don't know which to have. Mrs. Upter-Date—(without a moment's hesitation)—Marry the poorer of the two, my dear, and then when you are tired of him you can run away with the rich one.—Ally Sloper.

Victorian Vs. Facts. "Another good man gone wrong." Folks say, but no doubt. "Is only one more bad man." Folks have just found out. —Chicago Daily News.

A YOUNG WIDOW.

He—I understand this boarding house is kept by a young widow. She—Yes; I'm the one. He—Why, you're 60 years old! She—Yes, but I've only been a widow a week.—Chicago Journal.

Rochembeau Delegates Fall. Toulon, France, May 7.—The mission which is to represent France at the unveiling of the Rochembeau monument, in Washington May 24, arrived here from Paris. General Brugere, commander in chief of the French army and head of the mission, gave a luncheon in honor of the officers of the Mediterranean squadron. The Gauls afterward called for America.

Four Die in Steelworks. Harrisburg, Pa., May 7.—Four men were killed, two fatally injured and two others terribly burned by being caught in a torrent of molten metal in an open hearth pit in the Pennsylvania Steel Works at Steelton. All the men were Austrians, and of three who died at the Harrisburg hospital, to which they were taken, two have not been identified.

British Occupy O'Oklep. Cape Town, May 7.—The O'Oklep, western Cape Colony, relief column has occupied Steinkopf, north of O'Oklep, which was strongly held by the Boers, after fighting April 27 and April 28. The British lost six men killed and eight wounded. The Boer losses are said to have been heavy. The Boers asked the British for medical assistance.

Daughters of St. George. Joliet, Ill., May 7.—The annual district convention of the Daughters of St. George was held in Joliet. Nearly 100 delegates are in attendance, coming from La Salle, Morris, Streator, South Chicago, Braidwood and other Northern Illinois points. The delegates are being entertained by Blue Violet Lodge, No. 48, of Joliet.

Volcanic Lava Destroys Factories. St. Thomas, D. W. I., May 7.—The flow of lava from the volcano on Mont Pelea, Island of Martinique, has destroyed the Guerin factories, about two miles from St. Pierre, the principal town of Martinique. It is reported that about 150 persons have disappeared. A great panic prevails at St. Pierre.

Renominate Joseph V. Graft. Peoria, Ill., May 7.—At the sixteenth Congressional district convention the Hon. Joseph V. Graft was renominated for Congress by acclamation. Resolutions deploring the death of President McKinley and endorsing the administrations of President Roosevelt and Governor Yates were adopted.

Bury Congressman Cummings. New York, May 7.—Funeral services over the body of the late Congressman Amos J. Cummings were held in the chapel of the Stephen Merritt Company. From the chapel the funeral party drove to the cemetery in Irvington, N. J. The chapel was a veritable bower of rare flowers.

Half Million Fire at Milford. Danbury, Conn., May 7.—Between \$500,000 and \$600,000 is the latest estimate of the loss by the fire which destroyed the business section of New Milford, sixteen miles north of here. Nearly fifty buildings, including most of the stores in the place, two banks and three hotels, were burned.

Cannon by Acclamation. Danville, Ill., May 7.—The Republican convention of the Eighteenth district renominated Congressman Cannon by acclamation. This is the sixteenth nomination which Cannon has received and fifteen of these nominations have been made by acclamation.

Sympathetic Strike at St. Paul. St. Paul, May 7.—A general sympathetic strike among the building trades has been ordered by the building trades council. The action was taken as a retaliatory measure against the Builders' Exchange.

A marriage license was issued yesterday to Hugh McCarthy of La Prairie and Louise Lloyd of Marmon.

## ADMIRAL SAMPSON IS DEAD

Naval Officer Passes Away at His Home in Washington.

Washington, May 7.—William T. Sampson, rear admiral, U. S. N., retired, died at his home in this city at 5 o'clock yesterday afternoon. A cerebral hemorrhage was the immediate cause of death.

The rear admiral had been in a semi-conscious state for several days and in the forenoon suffered a severe cerebral hemorrhage.

At the bedside when the rear admiral breathed his last were Mrs. Sampson, Mrs. Cluverius, the rear admiral's married daughter; two sons, Ralph and Harold Sampson; Dr. Nixon, the attending physician; and nurses and attendants.

Mrs. Sampson has broken down under the severe strain, and was quite ill all during the day. But for the critical condition of her husband she would have been confined to her bed.

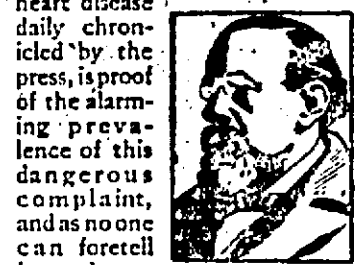

While no definite arrangements have been made as yet concerning the funeral ceremonies, it is probable they will take place on Thursday at the Church of the Covenant in this city. The remains will be taken to the rear admiral's old home at Palmyra, N. Y., for interment.

Son Prosecutes Father. Columbus, O., May 7.—Alexander Meussing was the prosecutor of his father in the police court, and the latter was fined \$20 and sent to the workhouse for thirty days for stealing his son's watch.

This Babe Is a Midget. Knoxville, Tenn., May 7.—A midget baby, weighing one and one-half pounds, has been born here. A napkin ring goes over its head and a finger ring on its arms.

## A Good Hearted Man,

or in other words, men with good sound hearts, are not very numerous. The increasing number of sudden deaths from heart disease daily chronicled by the press, is proof of the alarming prevalence of this dangerous complaint, and as no one can foretell just when a fatal collapse will occur, the danger of neglecting treatment is certainly a very risky matter. If you are short of breath, have pain in left side, smothering spells, palpitation, unable to lie on side, especially the left, you should begin taking

J. A. Kreamer, of Arkansas City, Kans., says: "My heart was so bad it was impossible for me to lie down, and I could neither sleep nor rest. My decline was rapid, and I realized I must get help soon. I was advised to try Dr. Miles' Heart Cure, which I did, and candidly believe it saved my life."

Dr. Miles' Remedies are sold by all druggists on guarantee.

## MAN IS TIED TO TRACK WITH HIS WIFE'S HELP

Texas Ranchman Charges His Spouse  
and Daughter with Having a Hand  
in Unnatural Crime.

El Paso, Tex., May 7.—John Graham, a wealthy ranchman, lies dangerously wounded at his home seven miles west of the city in New Mexico. His wife, his 16-year-old daughter, and his daughter's friend "Jim" Crow are inmates of the county jail. They are charged with attempting to murder him.

Graham was beaten into insensibility by the prisoners, according to his story, and bound to the Southern Pacific railway track to be mangled by the first passing train. An hour later he recovered consciousness and escaped.

Crow fled from the sheriff of Las Cruces into the hills, but heavily armed, was captured by four officers. He was with his sweetheart and her mother when arrested and offered no resistance.

Graham declares that his family, aided by Crow and a negro, attempted to murder him to get his property.

## WIND STORM IN MICHIGAN

Considerable Damage Is Done in the  
Southern Part of the State.

Detroit, Mich., May 7.—A terrific wind, accompanied by lightning and heavy rain, passed over southern Michigan doing considerable damage.

At Delray two large traveling cranes at the Solway Process works were blown down, causing \$10,000 to \$15,000 loss.

In Maple Rapids five buildings were blown down. Charles Barnhart and his son were in a barn when it collapsed and were buried in the ruins. The elder man is thought to be fatally injured.

At Owosso several persons were struck by lightning. Mrs. Charles Wilkinson, one of the victims, it is thought will die.

Put Into County Jail  
Marshall George Appleby came up from Beloit last night with John Dougherty and John Delaney, two Janesville boys in his charge and placed them in the county jail. Dougherty and Delaney are charged with robbing William Hamilton's jewelry store in Beloit on Sunday night. They will have their hearing in Beloit on Friday morning. Darb Griffin and John O'Donnell were arrested at the same time on suspicion that they were connected with the robbery, were released.

Ed. Pierce was also brought up by the marshal to serve a twenty days' sentence for drunkenness.

The carpenters are engaged in erecting the timbers for the second story of the Hicknell Hardware Co.'s warehouse at the corner of Wall and Academy streets and the structure begins to give and idea of the large structure it will be when finished.

See our styles and get our prices on lace curtains before purchasing. T. P. Burns.

Washburn Times: The candidate for the legislature who will not be willing to pledge himself for Spooner's re-election will have no need to apply to the people for the nomination. LaFollette, Whitehead and all the rest may go to the bowwows, but still above them all will blossom John C. Spooner.
